Dervish Coffee Cup

Brand: Zula

Producer: Porterra Porselen

Designer: Kunter Şekerçioğlu

Concepts like "tolerance", "hospitality", "chatting" and "friendship" became synonymous with coffee and they are all included in the cup's design in certain doses. The distinctive, fluent form of Dervish Coffee Cup, inspired by the historical narrative of coffee, also contributes to its functionality. The double-walled porcelain cup ensures a safe grip, making a handle unnecessary. Once together, the two parts transform into a single, fluent form, which prevents any risk of spilling. Moreover, thanks to the curvilinear form of the plate, it is very easy to hold and carry.
